

Panel 'trigger questions'

A Health Charter for South Australia

AIMS

1. To discuss the idea of a health charter and what it could potentially achieve for the people of South Australia and the health community.
2. To explore any concerns, questions or suggestions.
3. To enjoy a lively, interactive discussion with lots of opportunity for audience questions and comments.

QUESTIONS

1. Do you think a Health Charter could be a useful initiative?
2. What would be the fundamental purpose of such a document?
3. How could it contribute to better health outcomes and more effective health services?

Please give brief, specific examples to illustrate your views.

4. Are there any models, charters or similar documents nationally or internationally that may provide useful ideas about the purpose, format or content of such a document?
If yes, please briefly describe the example and any lessons we can learn from this experience.
5. If we do proceed to draft a Health Charter in SA, are there any priority topics that you believe should be included in such a document?
6. Is there any other issue you would like to raise?

Note to panel:

Please don't prepare a speech. Julie will facilitate an interactive discussion with lots of audience participation. Julie would like to meet at the venue at 7:45am on the day to talk about the approach she will take and to answer any questions.

Julie is also happy to talk to you before the forum if you prefer via email: juliemccrossin@bigpond.com or **Mobile: 0408 699 166**
Julie will be available to speak with from 19 January, 2009.
